

Here's how it works:

- The 3 and 4 year-olds begin the hour in worship and are dismissed to their classes following The Time with the Younger Church.
- The Storyteller leads the children in preparation for worship.
- One story is told for four weeks using wooden figures and a scripted story.
- The children work with the story and respond to it through art and other activities.
- The Storyteller prepares the feast and the children say a prayer of thanksgiving and enjoy the feast.
- The story is read from a children's Bible.
- A blessing is given.
- The Storyteller changes each month, and an assistant is there throughout the program year to provide warmth and welcome to the children and help for the storyteller.

The purpose of Children & Family Ministries is to provide educational, social and mission opportunities to connect all children and their families with Jesus Christ and our church community.

Worship Wonder

Children learn at a very young age to worship by experiencing worship. The flow of the Worship Wonder class is modeled after a worship service and the tone is set with preparation for worship as the children enter the room. They are reminded to walk more slowly, talk softly and sit quietly in this special place. Why do we come to this place? We come to worship, to hear stories of God and pray.

The goal is to teach children the art of using religious language as they experience parable, sacred story, silence and liturgical action. Through experiential worship, multi-sensory storytelling methods and “wondering” questions, children learn the

language of worship. It enables them to bring their lived experiences into dialogue with God through the biblical stories. They become more fully aware of the mystery of God’s presence in their lives.

This program was originally created in the Montessori tradition.

The repetition of the story for four weeks enables the children to really learn it and respond to it in different ways.

The wooden story figures were primarily made by members of our congregation. The stories used are from Jerome Berryman and Sonya Stewart’s books *Young Children in Worship, Following Jesus* and other resources.
